Has the Coversheet and Consent form been completed for Melissa?	No
Reason why the consent was not completed?	Victim not asked

For: KAZ R FRAIDER
Disclosed under the Criminal Disclosure Act 2008

Circumstances:

Last edited by: JFQX72

HOLLIMAN MELISSA MARIA and FRAIDER KAZ ROSSMANJON have been in a relationship for approximately 5 months.

They reside together at 2/192 New Windsor Road, Avondale.

There are no orders in place and this is the first family harm interaction that police have been involved with.

At 6:38am on Thursday the 7th of November 2024, police were called by Melissa stating she had been assaulted by Kaz at Room 110, 9 Manukau Road, Epsom better known as the No.9 Hotel.

Police arrived shortly afterwards and located Melissa sitting in the outside dining/smoking area of on the ground floor of the hotel. Melissa had blood drops on her clothing and was bleeding from her left ear. Melissa stated she suffers from seizures, so an Ambulance was called. Kaz was not present.

Melissa told police that her and Kaz had come to the hotel for a night getaway. During the night they began arguing and Kaz left the address.

Melissa was awoken in the morning to Kaz mounting her on the bed. He began strangling Melissa by placing both hands around her throat and squeezing. In a panic, Melissa decided to "play dead" as she was frightened.

Kaz then began punching Melissa to the head and Melissa started to struggle in defence. The struggle resulted with her being on the floor, where Kaz has begun kicking her to the body. Kaz has then placed his knee across Melissa's chest and neck and applied the pressure of his body weight, again preventing Melissa from being able to breath.

Melissa has become free from this and attempted to leave the room. Kaz has grabbed the metal necklaces from around Melissa's neck with enough force to cause them to break.

The struggle has continued down the hallway, and Melissa has begun screaming out for help.

Melissa has followed Kaz downstairs and multiple residents have come out of their rooms in the commotion. Kaz, being observed by a member of the public has run from the hotel towards his Ute, AMH619, which was parked approximately 30 meters south of the hotel on Manukau Road. An observer of the struggle on the ground floor has then chased Kaz away from the vehicle, after seeing him disengage the straps of the Ute and reach for something in the back.

Kaz has been observed running southbound on Manukau Road before observations have been lost on him.

Melissa was checked over by Ambulance staff and given advise to self present to the hospital later in the day and cleared medically by them.

Police conducted a Video Victim Statement where the above was confirmed.

Photographs were taken of Melissa and the scene address. Blood was seen around the room on the bedding and pieces of jewellery was found on the floor around the room.

Primary Victims / Victims:

Last edited by: JTZD20

HOLLIMAN MELISSA MARIA has been identified as the victim.

Melissa was emotional, crying often and hazy on detail when speaking with police. Once calmed, she was able to complete a VVS.
