Met with Melissa this morning at [REDACTED]

- She appeared well and in good spirits, she states she is settling in to her new address, new life and navigating things well, she [REDACTED] very happy at her new accommodation

- Shine has provided great support to her, a protection order is in place now, they helped her move, [REDACTED]. She feels safe now.

- Health wise she is doing better but still struggles mentally due to the concussions, she can be forgetful at times. She is seeing a "brain physio" and awaiting counselling. She got emotional when talking about the counselling, it's been 1 month since the incident and she still hasn't been able to talk to anyone. Shine advises due to time of year there are delays.

- I explained that I have been in contact with Louise throughout the last month and refrained from contacting Melissa as to not overwhelm her further. She was very grateful and got emotional at knowing this.

Discussed the several incident's that have occurred:

- Snapchat message (perverts) she does not have the messages, her daughter Taylor was present and saw Kaz messaged but didn't witness the message itself. [REDACTED] I advised Melissa the 5F was taken and attending Police filed this, but that her 105 report has made its way to another workgroup to investigate.

Record [369830372188] - Family Violence Occurrence, 07/11/2024, 06:38, 241107/0654

- Snapchat message (yesterday) she advised me she was intoxicated and decided to message him, I didn't follow what she said to him, sounded nonsensical, he replied and we looked at the chat together. He just said who is this.

- Property damage - she made a 105 report yesterday about her property that I assisted her to retrieve on 15/11/2024, apparently Kaz cut it all up, cut through her clothes and shoes, her phone was missing, her passport and personal documents that are very important to her. I will attempted to talk to Kaz about this on Monday and ask for it back.

- Objectionable publication - she made a 105 report online about Kaz posting explicit images and videos of her online. The information is second hand from her friend "Dom". She let me see her message chat with him. He says "I won't talk to the pigs or lawyers". 5F submitted today for this report. Advised FMC to link the 5F to file number 241212/9758. VVS needs to be taken and Melissa agreed but she didn't have time today. Appointment made Monday 23/12/2024 to obtain statement, likely to be signed now.

I have advised Melissa that her reports she makes on 105 all end up going to different workgroups due to the nature of each individual situation and that it might mean several different officers will be working on things and contacting her. She was quite overwhelmed by that and asked if I could be her point of contact. Additionally, Melissa suffered multiple concussions as a result of the assault and strangulation incident 07/11/2024. She is quite overwhelmed with getting contact from different agencies and different Police officers. I suggested I be her main point of contact (where possible) so FYI to those assigned to these files. I advised I will try my best but might not always be possible. I am happy to do that and will let each officer/Sgt know.

have been involved with.

At 6:38am on Thursday the 7th of November 2024, police were called by Melissa stating she had been assaulted by Kaz at Room 110, 9 Manukau Road, Epsom better known as the No.9 Hotel.

Police arrived shortly afterwards and located Melissa sitting in the outside dining/smoking area of on the ground floor of the hotel. Melissa had blood drops on her clothing and was bleeding from her left ear. Melissa stated she suffers from seizures, so an Ambulance was called. Kaz was not present.

Melissa told police that her and Kaz had come to the hotel for a night getaway. During the night they began arguing and Kaz left the address.

Melissa was awoken in the morning to Kaz mounting her on the bed. He began strangling Melissa by placing both hands around her throat and squeezing. In a panic, Melissa decided to "play dead" as she was frightened.

Kaz then began punching Melissa to the head and Melissa started to struggle in defence. The struggle resulted with her being on the floor, where Kaz has begun kicking her to the body. Kaz has then placed his knee across Melissa's chest and neck and applied the pressure of his body weight, again preventing Melissa from being able to breath.

Melissa has become free from this and attempted to leave the room. Kaz has grabbed the metal necklaces from around Melissa's neck with enough force to cause them to break.

The struggle has continued down the hallway, and Melissa has begun screaming out for help.

Melissa has followed Kaz downstairs and multiple residents have come out of their rooms in the commotion. Kaz, being observed by a member of the public has run from the hotel towards his Ute, AMH619, which was parked approximately 30 meters south of the hotel on Manukau Road. An observer of the struggle on the ground floor has then chased Kaz away from the vehicle, after seeing him disengage the strops of the Ute and reach for something in the back.

Kaz has been observed running southbound on Manukau Road before observations have been lost on him.

Melissa was checked over by Ambulance staff and given advise to self present to the hospital later in the day and cleared medically by them.

Police conducted a Video Victim Statement where the above was confirmed.

Photographs were taken of Melissa and the scene address. Blood was seen around the room on the bedding and pieces of jewellery was found on the floor around the room.
